DID YOU CONTRACT A GESTATIONAL PROGRAMME WITH AN AGENCY IN UKRAINE, AND BECAUSE OF THE WAR, THE AGENCY HAS CLOSED DOWN AND YOU ARE NOT HEARING BACK OR THE PROCESS HAS STOPPED?

GESTLIFE WILL HELP YOU GET YOUR MONEY BACK AND FINISH THE PROGRAMME CORRECTLY.

Unfortunately, the terrible war situation that Ukrainians are experiencing has led to the closure of most agencies, and many clinics where parents had contracted a surrogacy programme to help them become parents.

Today, many months after the war began, they are still closed, and there is no sign of when this war will end. Some agencies, made up of 3-4 people, have closed for good, harming hundreds of parents who have lost their savings, and worse, dashed their hopes.

Sadly, it is in this kind of thing that the structure of a company becomes apparent. The difference between an “intermediary shack” and a solid company with more than 180 employees, with its own offices in 7 countries, and its own clinic in Kiev, which remains open and 100% operational, soon becomes apparent.

If you have contracted an agency, and have not heard from them, Gestlife can help you, if you contract our programmes:

- If you have already paid money, our lawyers will, free of charge, bring proceedings to recover that money.
- If you already have donated or created biological material (sperm, eggs or embryos) we will take care of transferring them from your current clinic to our clinic and continue the process.
- If you already have a surrogate, with your authorization, we will require the agency to transfer your file, and if the agency is closed, we will take care of the surrogate and the continuity of the process until she achieves her dream.

All of this without additional costs, and discounting from the price of our programmes the services that you have already spent in the agency and that we do not have to repeat.

No two cases are the same. Consult us without obligation, without fear of being asked unpleasant questions, and we will help you end this nightmare, and achieve the dream of parenthood.

On this journey, the important thing is who you travel with. A wise Indian proverb says that “if you travel alone you will travel faster, but if you travel accompanied you will go further”.

Contact us and we will help you realise your dream.
